

How To: Bees and Flowers

- 1. Gold paint: Using the light orange color in your tray, paint the rosebuds, inside the flowers, and the bees. Add more water and paint a few petals. Let dry.*
- 2. Orange paint: Paint in the stamens inside the flowers.*
- 3. Flower petals: Mix dark purple & black, add lots of water and outline the petals and paint the inside of the petals. Make sure to leave white areas.*
- 4. Bees: Mix brown & black and paint the bee's wings and the hairs on top of the bee's back. With black paint, paint in the bee's face, legs, antenna, and stripes.*
- 5. Stems: Mix green and red to make an olive green. Mix green and brown to make a dark olive green. Also, you can add a little yellow to make a lighter green. Paint in the stems and leaves using these different green shades.*
